Giulia's patience and methodic explanation, step by step. I'm very grateful.
Giulia was always well prepared. Her lab handouts were very well-organized. They always were to the point and very easy to understand. She is also a capable and patient instructor who ensures that attendees are not left behind. She is also incredibly responsive and engaging in individual conversations/exchanges/correspondences about the subject matter. I cannot highly recommend her enough.

Guilia is amazing at explaining everything and super kind Xinhui is a harsh grader. I understand she's following Professor's grading rubric but sometimes she docked points for stuff that made no sense

They were extremely helpful in reexplaining the information explained by the professor. I was able to grasp the course work much better during her office hours and labs.

Very kind knowledgeable and warm hearted.

Amazingly prepared and helpful, Giulia explained things well while knowing the material and doing her best to help us.
